

April Match "Redcoats on the Run"

On Saturday April 20th, 2019 we will be holding the annual "Redcoats on the Run" match at the Cannibal Canyon.

This match is held to honor the brave Patriots who stood against King George' tyranny on 19 April 1775 at The Old North Bridge in Concord, MA. and continuing to Lexington and eventually Boston.

These Patriots stood bravely to defend their right as free men to remain armed in the face of an order to dis-arm the Colonials. Captain John Parker leader of the Citizen Soldiers famously said to his troops. "Do not fire unless fired upon but if they mean to have a war, let it begin here!"

This is meant to be shot with a Battle Rifle i.e. a .30 caliber or larger full power cartridge but we will ok it for the AR shooters to use them...

There will also be a side match for Pistol so bring your handgun, some spare mags or speed loaders and a good holster.

We usually run a "hot" range but in this case since we may not know all of the shooters, we will run it cold.

There is **NO CHARGE** for this match, but it may be a good idea to let us know if you plan to attend. We will start shooting at 9 am and go for as long as anyone wants to play!

Range directions. Head out of town on Sunset or Old HIWAY 91, pass thru Santa Clara and Ivins and continue 15 miles up the old road. Just after the 15-mile marker you will see the green and blue buildings of the old APEX mine company. Turn in on the Joshua Tree Scenic byway for 5.5 miles and look for our setup on the left.
